

250 NARROW STILE DOOR

A 03

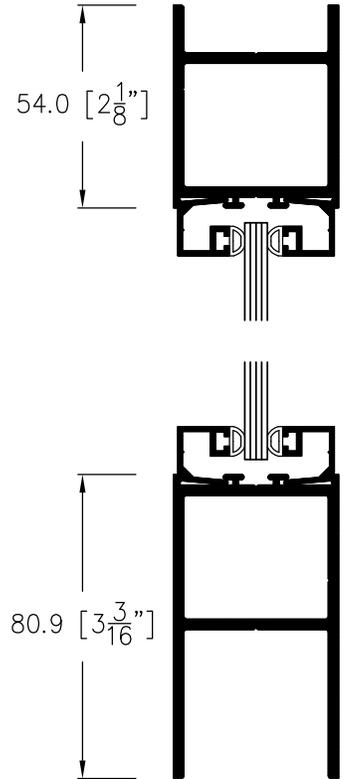

250 Narrow Stile Door Additional Features

The most popular commercial door that combines strength and performance with the ability to accept most hardware required for either storefronts or complex office buildings.

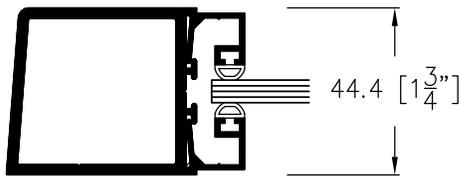

Standard hardware includes offset pivots, maximum-security lock outside and thumb-turn inside, **Metro** push-pull, threshold and exposed closer.

Available options include various bottom and mid-rails, anodized or baked enamel finishes, panic exit devices, and single or sealed unit glazing.

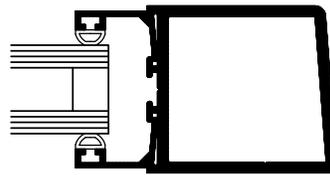

Compatible with all **Metro** entrance framing systems.
